

Bunker Adjustment Factor (BAF) review
NZ to Samoa's & Tonga Trade

10th May 2018

Dear Valued Customers,

We wish to advise all customers of an adjustment to our current BAF on the New Zealand to Samoa's & Tonga service.

The changes reflect movements in the price of ships' bunker fuels over the previous quarter and the prices have continued to rise.

Our current Baf is +48.63% on this trade and the increases in fuel prices support a 4.67 point increase in Baf to a revised Baf level of +53.30%

The new BAF will come into effect from the 01/07/18 and therefore be applicable from the Southern Lily v432 loading Auckland on the 12-13/07.

PFL will continue to monitor the fuel price and reserve the right to adjust +/- pending trends and with sufficient notice to all our customers.

Thank you for your continued support.

Yours sincerely,
